In the Matter of: Nomination for Universal Service Administrative Company Board of Directors, CC Docket Nos. 97-21 and 96-45

Dear Chairman Martin:

On behalf of Iowa's Area Education Agencies, I ask you to reappoint Dr. Brian L. Talbott to the Universal Service Administrative Company (USAC) Board of Directors.

Dr. Talbott currently is the Chairman of the USAC Board. He has additional roles as a school representative on the Board's Schools and Libraries Committee, and he serves on the Audit Committee. Dr. Talbott has served the Board well as its chairman. The Iowa AEAs would be pleased to see him continue in this role for another term.

Dr. Talbott served as the superintendent of Educational Service District 101 in Washington state. His ESA served 59 public school districts and 54 private schools in eastern Washington. As the agency's chief executive, he served as general manager of the STEP/Star Network, one of the nation's oldest and largest distance learning networks. As the Executive Director of the Association of Educational Service Agencies (AESA) in Arlington, Virginia, Dr. Talbott has contact with 551 ESAs in 44 states. AESA is the national voice for educational services agencies, and through Dr. Talbott's leadership, the organization supports learning, technical assistance, advocacy, and research for its membership.

Dr. Talbott has also served on the United States Distance Learning Association (USDLA) Board. He also is past Vice-Chair of the Reading is Fundamental (RIFNet) Board, and has served on a number of boards in his home state of Washington. In these roles, he has become quite knowledgeable about education and technology issues, and he has used that knowledge to help guide the work of the USAC Board.

Dr. Talbott's experience through AESA has given him a wealth of knowledge about the technology needs of both public and private schools and libraries. Education Service Agencies in many states provide supplementary media, technology and library services to

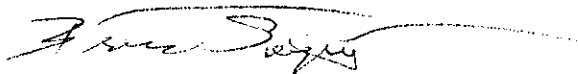

the schools in their service areas. They work with local school districts, private and parochial schools, public and school libraries, state departments of education and other educational entities to ensure all children are successful learners. One of the critical roles of ESAs is to make sure that schools provide proper access to technology to enhance students' learning. The roles that educational service agencies play within their states varies; in some states they are beneficiaries of the program, in others they serve as consultants to applicants, and in some they even act as service providers. Dr. Talbott's work in AESA has given him many important insights into the operation of the program from a number of different perspectives.

Dr. Talbott's experience in education coupled with his understanding of technology, makes him an ideal candidate to help lead this country as a member of the USAC Board. I urge you to have him remain on the Board and serve as its chair for another term. This would be to the benefit of the Board and to its official purpose. For these reasons, I respectfully urge your approval of Dr. Talbott's re-nomination to the USAC Board of directors, representing schools that are eligible to receive discounts.

A copy of his professional biography is attached.

Thank you for your consideration.

Sincerely,

A handwritten signature in dark ink, appearing to read "Brent Siegrist", with a long horizontal flourish extending to the right.

Brent Siegrist
